

r21.1.1 Changelog

+-----+
| r21.1.1 Release - 89878
+-----+

Release day - 25th May 2022

Fixes

- DSOF-20724 - Fixed error appearing when editing a tag within the Cue List
- DSOF-20674 - Fixed an issue where alt+tabbing out of d3 could cause a crash
- DSOF-20673 - Fixed an issue with flickering stage object labels when opening / closing widgets
- DSOF-20619 - Fixed an issue where 'Show 3D Observations' would only show text labels
- DSOF-20605 - Fixed blank console entries in the d3service console
- DSOF-20305 - Fixed an issue with the mapping plane / wireframe not drawing for most geometric mappings
- DSOF-20015 - Fixed the Independent Editor track snapping to Director's timecode transport
